# SafetyHold2™

Window Shade Bead Chain Loop  
Tension Device

New stylishly clear product helps Keep Children Safer by Tying Down Loose Window Covering Bead Chain Loops!

Compliant with WCMA Recommended Standards for Safety.

New RollEase® ChildSafe™ technology built into SafetyHold2™ makes bead chains safer when installed properly. See installation instructions below.

Part#: RE0050703

1

Bead chain loop not included.

2

Make sure rib points upward when installing.

3

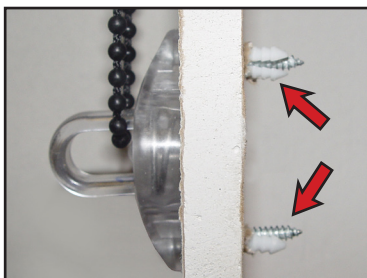

Slide chain through. Attach to wall.

4

Allow some slack for connectors and stop balls to slide through easily. Metal bead chain connector preferred.

- A WCMA 5.2.3 Warning Tag (available from RollEase®) must be fastened to the tension device prior to shipping window covering.
- The SafetyHold2™ tension device must be secured to the clutch or headrail to make the shade inoperable without purposeful action of installer.
- Use with bead chain only - Does not work with cord loops.

Use appropriate anchors.

Secure SafetyHold2™ to the clutch before shipping.
